Sullivan and Strategic Wealth Advisors Group, Inc. specialize in Social Security Maximization, estate planning, assets under management, income planning and insurance solutions.

“As a fiduciary, we are always striving to better ourselves, so that we can provide our clients with the most up to date and accurate advice. We want to think outside the box and look

to uncover any potential benefit for our clients that may have gone unnoticed by someone else,” said Sullivan. This certificate lets our clients know that we are working behind the scenes to stay up on Social Security, so that we can provide them with the ammunition that they are going to need in order to make the best decision when it comes to maximizing their social security benefit.

The N SSA certificate program includes one day of training and prepares professional advisors for the myriad of questions that their clients are asking. Also, with this training, advisors can guide their clients through the many Social Security options that are available. N SSA advisors are uniquely qualified to help the growing numbers of baby boomers. The program is the gold standard in Social Security certification and training in the nation.

The National Social Security Advisor certificate program was created by CPA, Marc Kiner and Jim Blair, a 35 year veteran of the Social Security Association. With 10,000 Baby Boomers turning 65 each day in the U.S., Kiner and Blair, believe that advisors must be educated regarding Social Security. There are 76 million Baby Boomers nationwide. Boomers are folks born between 1946 and 1964.

“For more and more people, Social Security is going to provide an important part of their retirement income,” said Blair. “N SSA advisors are passionate about helping retirees optimize their benefits over the rest of their lives.”
